

# Project Management Professional Certification Prep Course

## *Prepare for the PMP Certification Exam*

*Learn the core competencies of project management and train for the  
Project Management Institute PMP® certification exam*

This Project Management Professional (PMP)® Certification Preparation Course thoroughly prepares students for the 5th edition PMI® certification exam, including both material in PMI®'s Guide to the Project Management Body of Knowledge (PMBOK® Guide) and to review essential general management topics. The course systematically follows the path of a project through initiation, planning, execution, control and closing, encompassing the 47 processes described in the 5th edition PMBOK® Guide. Upon successful completion, a continuing education certificate for 36 contact hours (3.6 continuing education units) will be awarded.

The PMP signifies that you speak and understand the global language of project management and connects you to a community of professionals, organizations and experts worldwide. As a PMP, you can work in virtually any industry, with any methodology and in any location. The PMP can also provide a significant advantage when it comes to salary and earning potential. Among survey respondents to PMI's Earning Power Salary Survey, those with a PMP certification garner a higher salary (20% higher on average) than those without a PMP certification.

### **Location**

*Virginia Tech Newport News Center  
600 Thimble Shoals
